

## Science National Honor Society 2018-2019 Application

We are the only chapter (#1292) of the Science National Honor Society (SNHS) in the Paulding County School District. As members of a National affiliate, students have access to all the benefits and scholarships offered through the SNHS. Additionally, students will have opportunities to advance their knowledge and pursue their passion for science. Our local chapter will meet once each month to participate in various design challenges, conduct experiments, listen to guest speakers, volunteer in the community, and much more! There are also opportunities for leadership. Students in the SNHS are elected into office by their fellow members and will have the privilege to lead our chapter for a 1-year term. Details on the leadership positions and the elections are now available on [www.PedersenScience.com](http://www.PedersenScience.com). We encourage all students to run for an officer position. Students will also have the opportunity to earn SNHS graduation cords, which are paid for by our local chapter. Please take a moment to consider these benefits and also to visit our National website ([www.ScienceNHS.org](http://www.ScienceNHS.org)).

**Our Vision:** *SNHS is a prominent scientific organization that will engender a new group of young thinkers who will be the future of industry, research, and scientific exploration for America.*

**Membership Dues:** \$20 each year (online payment through RevTrak). Please complete the application below and remit \$20 for membership dues to RevTrak (see below; deadline September 1, 2018).
